Subject: Emma : Belper Food&Drinks Festival Proposal

Hi Emma

I've just spoken with Rosemary, I'm just contacting you from Creative Media we have previously published the Belper Town Guide plus Belpers Food & Drinks Festival Magazines and I am contacting you in relation to publishing a food & drinks festival magazine for your event on the 5 July 2020.

We have built lovely relationships with Belper Shops, Traders, Businesses and the Council over the years which has enabled us to create an informative vibrant magazine for local residents and alike. The magazine very much encumbers the local region, Belper Town

The title is produced free of charge for you which can be distributed locally, by us to the local shops, newsagents, petrol stations.

We publish magazines for shows, play centres, events and guides, the advertising revenues generated funds the printing, sales and production side of things so there would be no cost to the council and within the magazine there would be pages dedicated to Belper Town Council similar to previous guides.

I am sure this title will be welcomed by the local community and if you can let me know your thoughts by return that would be great.

Kindest Regards

Please find attached a couple of local Food & Drinks Festival Magazines that we produced.
