**Subject:** Rob Greenfield Event.

Dear Sir or Madam,

With reference to my phone call with the clerk at Belper town council.

The reason we are contacting you is because we're hosting an event at St Peters church on the 5th of May that we think may be of interest to the Council.

The event itself is entitled Rob Greenfield Presents: Be The Change.

Rob is an international environmental star and we feel particularly lucky to have him accept our invitation to visit Belper.

Some of the other destinations on his tour are places like London, Manchester, Paris, so it's amazing that he's chosen to come to Belper.

He always attracts a lot of media attention wherever he goes and we are in the process of planning a busy schedule for him whilst he's here.

As a leader in sustainable issues we are aware that Belper Town Council is at the forefront of green politics and therefore we decided to approach you to see if you would wish to be involved in this exciting event.

We are hoping to make this a free event or charge a nominal amount, therefore encouraging as many people as possible to attend.

Rob is not asking for a fee for this event, he is just asking for donations to the charities he supports.

St Peters can hold up to 600 people and we are hoping for several hundred at least.

All of those attendees combined with Robs schedule of visits to local schools and businesses and with the media attention he attracts we are hoping for quite a buzz around this event.

So what I'm asking is would Belper Town Council consider a contribution toward the charities that Rob supports, Obviously full credit would be given.

He has suggested a figure of £1500 as a donation, if you could help us to go some way in achieving that figure we and Rob would be extremely grateful.

I hope that you can support us to help make this incredible event a huge success and really put Belper on the map in terms of forward thinking sustainable towns in the UK.

We look forward to your reply.
