## 1. Background

Belper Town Council delivers services which can bring employees, members and volunteers into contact with children or vulnerable adults. This could be as either as the main part of their role or indirectly when carrying out their work such as a home visit, working outdoors in a public place or seeing customers in a reception area

This policy is based on our responsibilities under the Children Act 2004, specifically Section 11 which places a duty on key people and public bodies, including Councils, to make arrangements to ensure that their functions are discharged with regard to the need to safeguard and promote the welfare of children

With regard to safeguarding vulnerable adults, this policy has been developed in accordance with guidelines produced by the Department of Health 'No Secrets' guidance and The Vulnerable Groups Act 2006. There are different issues to consider when dealing with cases of abuse of vulnerable adults

*All references to children in this document should be taken to apply also to young people and vulnerable adults*

### **3 Procedures**

Everybody shares responsibility for safeguarding children who may be in need of child protection services by identifying children or young people who may be at risk and alerting the appropriate service(s)

- All staff and volunteers must ensure that they are familiar with the child protection procedures for their setting and which staff member is responsible for child protection issues
- Advice should be sought in the first instance from the designated or named person responsible for child social care within the setting. This may be the designated teacher within a particular school or the designated lead for child protection within the education or early years service, or the named health visitor or doctor with particular responsibility for child protection within the health service. However this should not preclude a direct referral to Children's Social Care particularly if there is an element of immediate risk

Referrals must always be made to Children's Social Care if there are signs that a child under the age of 18 years, or an unborn baby:

### **3.1 Dealing with Allegations or Concerns Against Any Employee, Member or Volunteer Working for The Town Council**

Concerns for the safety and well being of children could arise in a number of different ways and in a range of settings. It is essential to act quickly and effectively if an allegation is made or if there is suspicion or concern about a professional or volunteer's relationship with a child, young person or group of children/young people, particularly if they have:

- Behaved in a way that has harmed, or may have harmed, a child
- Possibly committed a criminal offence against or related to, a child; or
- Behaved towards a child or children in a way that indicates she/he is unsuitable to work with children

If an allegation is made, or a concern arises about a member of staff, member or volunteer, ensure that the Town Clerk is informed immediately who will contact Derby and Derbyshire Local Authority Designated Officer (LADO) via a referral form to [professional.allegations@derbyshire.gov.uk](mailto:professional.allegations@derbyshire.gov.uk)

The LADO is available to provide advice or support in any allegations process, including advising whether or not immediate suspension of the person concerned should be considered. The Town

Clerk must ensure that the Members of the Finance, Governance and Staff Working Committee are made aware of concerns and that HR advice is sought at the earliest opportunity.

If the LADO is unavailable or the concern is raised out of hours, you should contact LADO on 01629 532600 or alternatively the Police.

Records should be secured and information sharing should be strictly limited to relevant staff/members and external professionals on a need to know basis

The member of staff or volunteer should be treated fairly and honestly, helped to understand the concerns expressed, the process being followed and any outcomes of the process. Senior managers should seek advice from the LADO and Social Care/Police before informing the person who is subject to an allegation

#### **4.Guidance**

##### **4.1 Responding to a Disclosure**

If a child tells you that they, or someone they know is being abused:

- Listen to what the child is saying and take it seriously
- Reassure the child who has made the disclosure that they have done the right thing
- Give the child time to talk and do not probe or ask leading questions. Investigation is not your responsibility
- Do not promise to keep secrets. All allegations of harm or potential harm must be acted upon
- Explain to the child that you will share this information with a senior member of staff who will ensure the appropriate procedures will be followed
- Emails or text messages received detailing details of suspected abuse should be responded to as soon as possible or within 24 hours by contacting the child by phone or face to face to obtain further information
- Record the event in accordance with your settings procedures
- All allegations against staff, even those that appear less serious need to be followed up and examined objectively by someone independent of the organisation concerned
- All allegations will be considered by the LADO to monitor allegations and ensure that the actions in response to the allegations are in accordance with Derby and Derbyshire Safeguarding Children Partnership.

##### **4.2 Staff Conduct – Safe Working Practice**

It is essential that all staff and members are conscious of how they should conduct themselves to minimise the risk of finding themselves as the subject of any child protection processes. All staff and members should be aware of the following summary of things to do and not to do when working with children

“Do”

- Work in an open and transparent way
- Discuss and report any incidents of concern or that might lead to concerns being raised about your conduct towards a child
- Report to the Town Clerk any incidents that suggest a child may be infatuated with you or taking an above normal interest in you
- Dress appropriately for your role
- Use only email contact with children via any authorised system
- Avoid unnecessary physical contact with children
- Ensure you understand the rules concerning physical restraint
- Where physical contact is essential for educational or safety reasons, gain the child's permission for the contact wherever possible
- Allow children to change clothes with levels of respect and privacy appropriate to their age, gender, culture and circumstances
- Avoid working in one to one situations with children
- Avoid volunteering to accommodate children overnight
- Be careful about recording images of children and do this only when it is an approved activity
- Contact your professional association or trade union if you are the subject of concerns or allegations of a child protection nature
- Fully co-operate with any investigation into child protection issues at your setting
- Listen to children when they express concern (rumours) about staff which might appear to be just and check facts v fiction

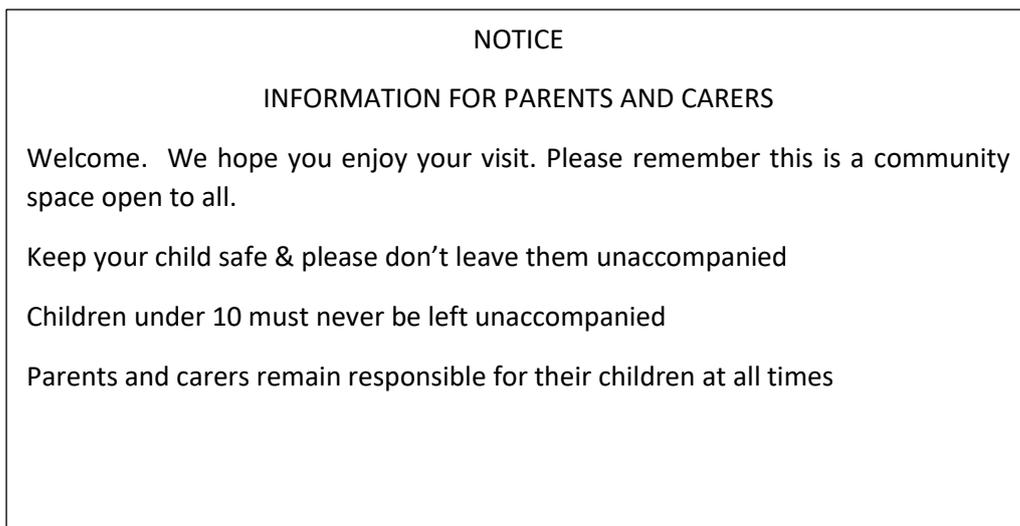

#### **“Don't”**

- Take any action that would lead a reasonable person to question your motivation and/or intentions
- Misuse in any way your position of power and influence over children
- Use any confidential information about a child to intimidate, humiliate or embarrass a child.
- Engage in activities out of the workplace/setting that might compromise your position with children or young people.
- Establish or seek to establish social contact with children outside of the setting.

- Abuse your position of trust with children
- Allow boundaries to be unsafe in more informal settings such as trips out

## 5 Unaccompanied Children in Public Spaces

There will be situations when young children visit public settings unaccompanied by their parent or carer. Whilst not wishing to discourage children from visiting places such as libraries, information centres and play or educational facilities, staff and members need to take reasonable steps to ensure the safety of the child and to inform parents/carers of their responsibilities. The way in which staff and members deal with unaccompanied children must be based on awareness of the responsibility of the parent or the loco parentist carer (i.e. the one taking responsibility of parent), and the duty of care of the service to all children on the premises. In no instance would staff be expected to take on parental responsibilities for children in these settings. A suitable notice should be clearly displayed and staff should point to this poster when appropriate but especially if parents/carers are about to leave their children on the premises.

A good practise response on discovering an unaccompanied child on the premises is to :

- Try to avoid being left alone with a child. Try to ensure colleagues are present when you are dealing with unaccompanied children.
- Try to establish whether the child is allowed by the parent/carers to come and go alone

If you are satisfied that the child is allowed to come and go alone then allow the child to leave. If you gather this information only from the child, then you will need to use your judgement to ascertain whether the child is competent to leave alone.

Relevant factors maybe:

- Whether the child exhibits signs of nervousness
- Whether the child appears to clearly understand your questions
- Whether the child seems physically capable
- Whether the child appears to know clearly and readily where he and she lives
- How far the journey is
- Whether you know of any particular hazards on the journey
- The child's age and vulnerability

If you are in doubt, encourage the child to remain on the premises until you have been able to contact a parent or carer. Children under 10 years of age should not normally be allowed to leave alone unless you know that in the particular case the parent/carer allows it. Ask the child if she/he is expecting to be collected by an adult. Even if the child is expecting to be collected soon, do not wait until closing time before taking the next step.

Try to contact the parent or carer. Ask the child for an address or telephone number

## **6.Training**

All staff must ensure that they attend child protection training in accordance with the requirements and standards of the Town Council

Training will be organised and delivered in accordance with the requirements of 'Working Together to Safeguard Children (2010)'. The training will be informed by the Derbyshire Safeguarding Children Board (DSCB).

The Town Clerk will monitor attendance at relevant training to ensure all relevant staff and members are aware of the procedures and have received relevant training

## **7. Safer Workforce**

### **Recruitment and Selection**

Advertisement of posts and application packs should make explicit reference to the commitment of the organisation to safeguarding including:

- Compliance with vetting and barring regulations
- Always use application forms (CVs should not be accepted)
- A minimum of two people should check for any gaps in employment history and explore these gaps during interview
- Ensure at least one reference is from a previous employer and specifically asks if there have been any concerns or allegations about the applicant's behaviour towards children; any disciplinary action and confirmation of the applicant's responsibilities. Compare this information with that provided by the applicant. Any inconsistencies or concerns regarding the information provided in a personal reference must be followed up directly with the referee
- Ensure that any concerns arising from the applicant's medical references are followed up directly with the applicant and with the employing agency's medical adviser. Seek to explore the applicant's attitudes towards children and young people, their motivation for pursuing the role, and managing boundaries at interview
- Always ensure that any uncertainty or inconsistency about the information provided about the applicant is followed up and resolved

If you need support with the process seek advice on recruitment and selection from your HR advisors
