Dear Town Clerk

I am writing on behalf of Belper Refugee Welcome to thank the Town Council for granting us a sum of money towards the funding of our project. This has proved invaluable in providing high quality publicity material and other items necessary to launch the initiative.

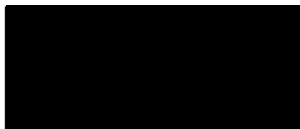

You may be interested to know that we are now well on the way to fulfilling the requirements of the Home Office, including the offer of a house. The offer came from a Belper resident who saw our publicity material and has generously made the house available for two years. We hope soon to be able to submit our application to settle a refugee family in our town from a refugee camp.

We have been touched and delighted by the positive reaction we have had from the people and communities of Belper to this project. We are sure that when they arrive, they will receive a very warm welcome and their presence will be an asset to the town.

As you are probably aware, our website gives details of the project, the progress we are making and events we are organising. It is certainly worth keeping an eye on it.

Please pass on our grateful thanks to the Town Councillors for the support they have given.

Yours sincerely

On behalf of Belper Refugee Welcome
