

In accordance with Belper Town Council Standing Order 7, we the following Belper Town Councillors propose the following Special Motion to be moved at the Full Council meeting on 14 July 2020.

To reverse all resolutions made in last 12 months in relation to the Changing Places Facility.

This is because new information has become available regarding future public toilet provision in the Town.

This should be presented in a written background paper explaining all current and planned provision, including additional options for the Town Council to consider with costings.

The Facilities Committee will commission a working group to prepare the paper which will be presented to Full Council for decision on the budget commitment.

Dated 05/07/2020

Signed by 5 Councillors – (signatures have been omitted from this copy)
