**Subject:** Belper Goes Green 2023 - Please can you add to this months agenda

Hi Deb,

Transition Belper had a review of Belper Goes Green this year and whilst we felt the event was very successful, we would like to focus the event more on making Belper 'Go Green'. With this in mind we were wondering whether it might be possible to host Belper Goes Green in town in 2023? Ideally, we'd like to do it on the Market Place, Memorial Gardens and along King Street with an effort on the businesses coming and opening in the most sustainable way. We are very much at the ideas stage so none of that is entirely fixed (except the latter two please) but would be grateful if BTC could consider whether this might be feasible for a road closure event. BGG usually takes place on the first weekend in June - so we would hope to hold it on the Saturday 3<sup>rd</sup> June weekend.

We'd be extremely grateful if this could be added to the BTC agenda for Tuesday 13<sup>th</sup> September. We will aim to come along to bring our ideas and/or for questions if that helps during the meeting?

Many thanks,
