Dear Rosemary,

I hope this email finds you well.

Since we last spoke, a decision has been made that no Events on Council Land will now be permitted to go ahead, due to the ongoing Coronavirus situation.

This will be kept under review as matters develop nationally and locally, but at present, it does mean that your proposed Larks in the Park events have been refused.

I am sorry for any disappointment caused, and look forward to hopefully hearing from you again at some point in the future.

Kind regards,
