Amount of Grant sought from this Charity: £ 200

Give FULL description of the purposes for which the grant will be used and date by which Grant will be used:

Apple Day is a nationwide celebration of "apples, their variety and uses, and the people and places they make in the process" (<https://www.commonground.org.uk/apple-day/>). Transition Belper will be celebrating Belper Apple Day on Sunday 16th October, in Belper Community Hall, for local citizens to celebrate, appreciate, and enjoy the variety of English apples and their uses.

Funding of £200 is sought to cover the costs of publicity, speakers' expenses, and prizes. Details are given below. We expect Apple Day will provide the following benefits for those who come, which align with 5.2.1.3, and 4 of the Charity's purposes:

1. A joyful, family-friendly celebration of apples and other top-fruit (pears, plums) available in our local area.
2. Opportunities to learn more about the wide variety of apples, and how to cultivate and care for them,
3. Opportunities to experience, and enjoy the wide range of food and drink which uses apples as a major ingredient, and how to make this themselves at home.

Please list all other applications made for funding from other agencies including the amount sought, the date of application to each agency and the outcome (if known).

Details of the funds sought are:

Publicity (banners- £52; posters and flyers £38)	£ 90
Northern Fruit Group Speakers Travel Expenses (Glossop)	£ 60
Prizes for childrens games and competitions	£ 50

Funding has been sought and granted from Transition Belper's reserves for hire of the venue (£90). I have attempted to apply to the Midland Co-operative's Community Fund, but have learnt that no funds are being made available at present.

I confirm that these details are correct and that if approved the grant will be applied for the purposes above and that I have read the attached Privacy Notice and consent to the Council processing my personal information in accordance with the Privacy Notice
