

EU Settlement Scheme – We are still here to help you.

Derbyshire Law Centre is part of a project assisting vulnerable EU citizens and their families in Derbyshire and Nottinghamshire, including the cities, to apply to the EU Settlement Scheme.

Our advisers, Tony McIlveen and Beth Holt, are both solicitors and immigration specialists. For many, making an application for pre settled or settled status under the Government's EU Settlement Scheme is not so straightforward. This may be because of age or ill health, domestic violence, or homelessness, in care or care leaver, or because of previous criminal convictions.

Time is now running out as the scheme will close on 30th June 2021.

The lockdown restrictions are not making it easy for anyone to make the application, but it is vital people do to ensure they can continue to legally reside in the UK.

We are here to help and it is free.

We can help people submit their application, obtain evidence of residence in the UK and help obtain evidence of nationality (passport, ID card). We can also make representations to the Home Office in complex cases. For example, there will be non EU nationals with British children or EU national children who may be eligible to apply under the EUSS scheme, but are not aware of their rights or too scared to make themselves known to the Home Office.

Although the Law Centre office is currently closed, our phone line is still open, we can still be contacted by email or via our website, and our staff are all working from home.
